

# The Requirements Problem

By Heusser and McMillan, 11/21/2006  
 Matt.Heusser@gmail.com

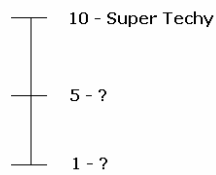

A) Assumptions about requirements

B) What does it take to write requirements?

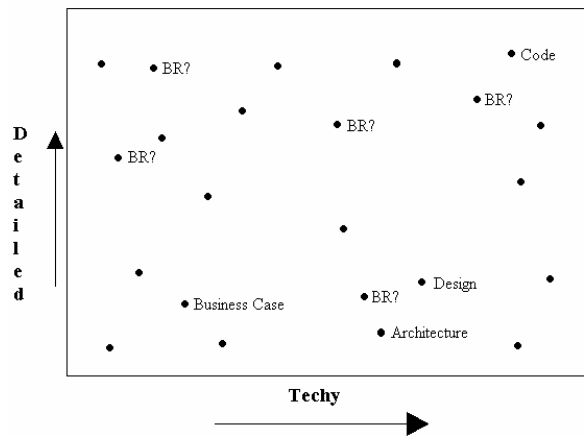

C) How technology-specific should requirements be?

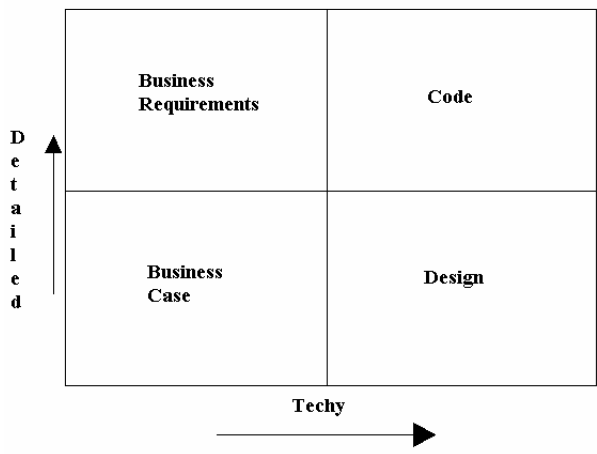

And, of course, there's the meta-problem

D) It's really two dimensions.  
 But ... where should things go?

E) Hm. Here's an idea

Questions? Just Ask.
